Delegate Hanshaw proposed modified language for section 9.3.2 to read as follows:

“9.3.2. If any representation is made by a registered architect to a prospective or existing client or employer with respect to his or her qualifications and the scope of his or her responsibility in connection with work for which he or she is claiming credit, such representations must be accurate. If any representation is made by a registered architect employing and/or directing other registered or non-registered individuals when representing their firm to a prospective client, any such representations concerning the title, position, qualification, and experiences of these individuals shall be accurate. This includes accurately representing the scope of these individuals’ responsibilities in connection with work on projects by these individuals while employed at previous and current employers.”

The agency agreed to accept the proposed language as a modification.

Senator Karnes moved to revert the language in 8.4.5.a to the current language.
